

Júlia Maria - Like butterflies

```
tom:
I'm beautiful
Is what everyone says
I try to believe
But it is not easy
 I was always the "perfect girl"
Who gets high marks
      C
It's not insecure
And willing for everything
But I changed
As I never imagined it to be
I have low self - streem
But I'm doing everything to change, because
I believe there is a light in all the darkness
Am F
I may not have friends, I may be insecure
But I'm like a butterfly, It's wings are beautiful
```

Acordes

```
But you can't see how beautiful it is
Just learn to fly, that makes you happy even alone
(CGAmF)
Need to stop letting other people's opinion affect my self -
Because I know I'm beautiful, I have a beautiful voice, as
much as
I learned to keep myself happy, because
I believe there is a light in all the darkness
I may not have friends, I may be insecure
But I'm like a butterfly, It's wings are beautiful
But you can't see how beautiful it is
I believe there is a light in all the darkness
I may not have friends, I may be insecure
But I'm like a butterfly, It's wings are beautiful
But you can't see how beautiful it is
```
