

Julia Michaels - There's No Way (part. LAUV)

Tom: G

You touch me and it's almost like we know
 That there will be history between us two
 We knew someday that we would have regrets
 But we just ignored them the night we met
 We just danced backwards into each other
 Trying to keep our feelings secretly covered
 You touched me and it's almost like we knew
 That there would be history

But there's no way that it's not going there
 With the way that we're looking at each other
 There's no way that it's not going there
 Every second with you, I want another
 But maybe we could hold off for one sec
 So we could keep this tension in check
 But there's no way that it's not going there
 With the way that we're looking at each other

I wish I could make the time stop
 So we could forget everything and everyone
 I wish that the time would line up
 So we could just give in to what we want
 'Cause when I got somebody, you don't
 And when you got somebody, I don't
 I wish that the time would line up
 So we could just give in

But there's no way that it's not going there
 (It's not going, it's not going there)
 With the way that we're looking at each other

There's no way that it's not going there
 (It's not going, it's not going there)
 Every second with you, I want another
 But maybe we could hold off for one sec
 So we could keep this tension in check
 But there's no way that it's not going there
 (It's not going, it's not going there)
 With the way that we're looking at each other

We just danced backwards into each other
 Trying to keep our feelings secretly covered
 We just danced backwards into each other

(We just keep on dancing right into each other)
 Trying to keep our feelings secretly covered
 You touched me and it's almost like we knew
 That there would be history

But there's no way that it's not going there
 (It's not going, it's not going there)
 With the way that we're looking at each other
 There's no way that it's not going there

(It's not going, it's not going there)
 Every second with you, I want another
 But maybe we could hold off for one sec
 So we could keep this tension in check
 But there's no way that it's not going there
 (It's not going, it's not going there)
 With the way that we're looking at each other

We just keep on dancing
 right into each other
 We just keep on dancing
 right into each other
