

# Julian Casablancas - 11th Dimension

Tom: C

I just nod, I've never been so good at shaking hands  
 I live on the frozen surface of a fireball  
 Where cities come together, to hate each other in the name of sport  
 America, nothing is ever just how you plan  
 I looked up to you but you thought I would look the other way

(bridge 1)

And you hear, what you want to hear  
 And they take what they want to take

(verse 2)

Don't be sad, won't ever happen like this anymore  
 So whens it coming? This life's new great movement that I can join

The warning here  
 Your faith has got to be greater than your fear

(chorus)

Forgive them even if they are not sorry  
 All the vultures, bootleggers at the door waiting  
 Your are looking for your own voice, but your nervous

While it leaves you trapped in another dimension

(verse 2)

Drop your guard, you don't have to be smart all of the time  
 I got a mind full of blanks  
 I need to go somewhere new fast  
 And don't be shy, oh no, at least deliberately  
 No one really cares or wanders why anymore  
 Oh I got music, coming outta my hands and feet and kisses woo

 Dm Am

(bridge 2)

That is how it once was done  
 All the dreamers on the run

(chorus)

Forgive them even if they are not sorry  
 All the vultures, bootleggers at the door waiting  
 Were so quick to point out our own flaws in others  
 Complicated, man was on the wings of robots  
 If you believe in this world your not inviting me  
 But don't think that yet, to the top, now know what to do
