tom:

Intro: A Bm Gbm D A

Hearts on fire
 We're no liars, so we say what we wanna say
 I'm awakened, no more faking
 So we push all our fears away

Don't know if I'll make
 'Cause I'm falling under
 Close my eyes and feel my chest
 Beating like thunder

I wanna fly
 Come alive
 Watch me shine

I got a spark in me
 Hands up if you can see
 And you're a part of me
 Hands up if you're with me
 Now till eternity
 Hands up if you believe
 Been so long and now we're finally free

We're all bright now
 What a sight now
 Coming out like we're fir?works
 Marching on proud
 Turn it up loud
 'Cause now we know what we'r? worth

We know we can make it
 We're not falling down under
 Close my eyes and feel my chest
 Beating like thunder

I wanna fly
 Come alive
 Watch me shine
 I got a spark in me
 Hands up if you can see
 And you're a part of me
 Hands up if you're with me
 Now till eternity
 Hands up if you believe
 Been so long and now we're finally free

I got a spark in me
 Hands up if you can see
 And you're a part of me
 Hands up if you're with me
 Now till eternity
 Hands up if you believe
 Been so long and now we're finally free

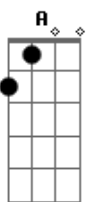

I got a spark in me (I got a spark in me)
 And you're a part of me (and you're a part of me)
 Now till eternity (now till eternity)
 Been so long and now we're finally free

I got a spark in me
 Hands up if you can see
 And you're a part of me
 Hands up if you're with me
 Now till eternity
 Hands up if you believe
 Been so long and now we're finally free

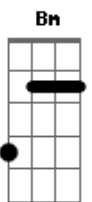

Yeah
 Oh, oh, oh
 Oh, oh, oh
 Finally free, yeah
 Oh, oh, oh

Been so long and now we're finally free
 Finally free, yeah
