

## julien-k - Cast Into The Sea

```
Intro: Am C F Am C
Cast into the sea of a different kind
Shouting in the face of the wind
Nothing I could say would change your mind
She could stay by your side if you let her
But that was a different time
When all it took was the kindest lie
But I remember her lonely eyes as she said
No matter how long,
We're cast into the sea of a different kind
Sliding in a wake that we left behind
No matter what's wrong,
I'm moving through a different state of mind
Cast into the sea of a different kind
(Am C F Am C)
  You know, we can't fight the need to surrender
```

But maybe we could give it a try Maybe we could give it a try But I'll remember her lonely eyes As she said Δm No matter how long, We're cast into the sea of a different kind Sliding in a wake that we left behind No matter what's wrong I'm moving through a different state of mind G E Cast into the sea of a different kind No matter how long, We're cast into the sea of a different kind Sliding in a wake that we left behind No matter what's wrong, I'm moving through a different state of mind Cast into the sea of a different kind ( Am )
