

Jungkook - Nothing Like Us

Tom: C
Intro: Am C F G

Am C
Lately I've been thinking
Thinking about what we had
And I know it was hard
It was all that we knew, yeah
Have you been drinking
To take all the pain away?
I wish that I could give you what you deserve

C F
Cause nothing can ever, ever replace you
Nothing can make me feel like you do, yeah
You know there's no one, I can relate to
I know we won't find a love that's so true

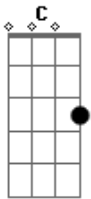

C
There's nothing like us
There's nothing like you and me
Together through the storm
There's nothing like us
There's nothing you and me, together
Am C

I gave you everything baby
Well, everything I had to give
Girl, why would you push me away?
Lost in confusion, like an illusion
You know I'm used to making your day
But that is the past now, we didn't last now
I guess that this is meant to be
Tell me, was it worth it? We were so perfect
But baby I just want you to see

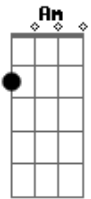

C
There's nothing like us
There's nothing like you and me
Together through the storm
There's nothing like us
There's nothing you and me, together

C
There's nothing like us
There's nothing like you and me
Together through the storm
There's nothing like us
There's nothing you and me, together
