Júpiter Maçã - Any Job

Tom: G

```
   INTRO: G C
                      G C        G C
It's Saturday evening
                 G C        G
Wasting our time

       C              D
Tomorrow is Sunday
         Em       G
And dearest no drink's
        C        D      G C    G C
Any job, anyway, anything

                   G C        G C
Cachaça and varanda
            G C     G
Lipsticks and masks
```

```
         C               D
Muchacho and prenda
         Em               G
The gun has only one bullet
        C        D      G C   G C
Any job, anyway, anything

Harmonia dos versos e refrão

Repete-se tudo, mas com uma variação no final:

         C               D
Muchacho and prenda
         Em               G
The gun has only one bullet
        C        D      Em
Any job, anyway, anytime
        C        D      G C   G C
Any job, anyway, anytime
```
