

Justin Bieber - 2 Much

tom:

Intro: Gbm7 D2

[primeira parte]

Maybe i stare too much

Maybe not long enough

But when you let down your hair

Dancin' like no one's there

[pré-refrão]

Say: love you, under my breath

More times than you can digest

Music every time i hear your name, oh

[refrão]

Don't wanna close my eyes, i'm scared i'll miss too much

Don't wanna fall asleep, i'd rather fall in love

When i can't feel you, i feel out of touch

Two seconds without you it's like two months

Don't wanna close my eyes, i'm scared i'll miss too much

Don't wanna fall asleep, i'd rather fall in love

'cause eternity with you ain't long enough

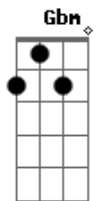

Two seconds without you it's like two months

And that's too much

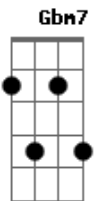

[segunda parte]

Love the way you love your mom

Take on all your friends problems
Still, somehow, stop the world for us, oh

I still relive that second

I met my biggest blessing
Prayed for you, look what god has done

[pré-refrão]

Say: love you, under my breath

More times than you can digest
Music every time i hear your name, oh

Your head's layin' right on my chest
Sun's up, but i still ain't got no rest

[pré-refrão]

Say: love you, under my breath

More times than you can digest
Music every time i hear your name, oh

Your head's layin' right on my chest
Sun's up, but i still ain't got no rest

[refrão]

Don't wanna close my eyes, i'm scared i'll miss too much

Don't wanna fall asleep, i'd rather fall in love

When i can't feel you, i feel out of touch

Two seconds without you it's like two months

Don't wanna close my eyes, i'm scared i'll miss too much

Don't wanna fall asleep, i'd rather fall in love

'cause eternity with you ain't long enough

Two seconds without you it's like two months

And that's too much
