Tom: C

Am G
 You said "I come in peace", so I took you home
 F DM
 I gave you food and I gave you clothes
 Am G
 I taught you how to move your feet when the rhythm's on
 F DM
 Still you wanna leave cause you feel alone

Am G
 You don't know what they're like if they know that you're
 alive
 F DM
 They're gonna try to take away the secrets of your planet's
 life
 Am G
 I know you must be upset, you lost your family in a wreck
 F DM
 But you gotta listen (listen, listen)

Am G
 Don't try to find your spaceship
 F DM
 That might be out there waiting
 Am G
 Stay in my backpack forever
 F DM
 Stay in my backpack forever
 Am G
 You know I gotta find my spaceship
 F DM
 My planet's outside there waiting
 Am G
 I can't stay in your backpack forever
 F
 Stay in your backpack, backpack, backpack

Also as the previous
 AM G F DM
 Before you came around I was in a rut

Didn't have a friend, didn't know what it was
 You taught me how to dream and how to love
 You're my best friend, please listen to me

You don't know what they're like if they know that you're
 alive
 They're gonna try to take away the secrets of your planet's
 life
 I know you must be upset, you lost your family in a wreck
 But you gotta listen (listen, listen)

Don't try to find your spaceship
 That might be out there waiting
 Stay in my backpack forever
 Stay in my backpack forever
 You know I gotta find my spaceship
 My planet's outside there waiting
 I can't stay in your backpack forever
 Stay in your backpack, backpack, backpack

Uh, greetings, I fell from the sky
 I'm from a different world, I use Lil Wayne as a disguise
 And my flying saucer crashed, I'm the only one that survived
 I've only taken over this planet since I've arrived
 I'm in the backpack, I'm ducking Men In Black
 Yeah I'm an alien, my swag is outta this world
 Different galaxy, they try to capture me
 When I die they gon' name this planet after me
 Wayne's world (wayne's world, wayne's world)

Don't try to find your spaceship
 That might be out there waiting
 Stay in my backpack forever
 Stay in my backpack forever
 You know I gotta find my spaceship
 My planet's outside there waiting
 I can't stay in your backpack forever
 Stay in your backpack, backpack, backpack
 On our planet we don't kill one another
 We don't take love for granted, it's a gift from the mother
 In, in your planet you are filled with greed and false belief
 We came here to bring you peace
