

# Justin Bieber - Been You

Tom: Bb

(com acordes na forma de Capotraste na 1ª casa

A)

Intro: D Bm E Gbm

Feeling the remnants, gone in an instance

Blink of an eye, no goodbye

I had a notion deep as the ocean

Blue like the sky, oh my

Like a permanent stain wishing I could just wash away, away

Prayed our love wasn't vain

Who was to blame for all the pain? For all the pain?

If I would've known, if I would've known

If I would have known it could have been you

If I had the chance, if I had the chance I'd make us brand new

I never wanted to be, wanted to be your enemy

No, but if I, if I would've known

If I would have known it could have been you, been you

The repercussions of missing your loving

Haunts me at night, the ghosts are alive

All of the memories

A serenity dwindle in my mind  
All the time

Like a permanent stain wishing I could just wash away, away

Prayed our love wasn't vain

Who was to blame for all the pain? For all the pain?

If I would've known, if I would've known

If I would have known it could have been you

If I had the chance, if I had the chance I'd make us brand new

I never wanted to be, wanted to be your enemy

No, but if I, if I would've known

If I would have known it could have been you, been you
