Be myself with you
Be myself with you
I can't be myself when you're not there
Ooh, woah, oh
La-la, la-la, la-la, I feel amazing
How are you? How are you?
La-la, la-la, la-la, ten thousand faces
Still your eyes are the view
What can I do? Ooh
What are the chances are of a billion stars
They can't compare to you
Nowhere to move
Cause it's new to me, consuming me
I might be scared of you oh, yeah
I could travel any place, but without you
It's just runnin' around
They could open heaven's gates, but without you
I'm just stuck in the clouds (yeah, yeah, yeah)
I can't be myself when you're not there
The sweetest dreams turn to nightmares
I can't be myself when you're not there (be myself)
Ooh, oh, woah
La-la, la-la, la-la, I'm talkin' backwards
High on you, high on you
La-la, la-la, la-la, don't know what's after
But I know it's with you, ooh, ooh, ooh

What can I do? Ooh
What are the chances are of a billion stars
They can't compare to you
Nowhere to move
Cause it's new to me, consuming me
I might be scared of you oh, yeah
I could travel any place, but without you
It's just runnin' around (girl, I'm just runnin' around)
They could open heaven's gates, but without you
I'm just stuck in the clouds (yeah, yeah, yeah)
I can't be myself when you're not there
The sweetest dreams turn to nightmares
I can't be myself when you're not there (be myself)
Ooh, oh, woah
La-la, la-la, la-la, I feel amazing
How are you? How are you? Ooh-ooh, ooh, ooh-ooh
I can't be myself when you're not there (no, I can't)
The sweetest dreams turns in nightmares
I can't be myself when you're not there (be myself)
Ooh, oh, woah
Ooh, oh, woah, oh-oh, oh
I can't be myself when you're not there
Ooh, oh, woah, oh-oh, oh (You're not in my arms)
I can't be myself when you're not there
I need you there
I can't be myself when you're not there
I need you close
I can't be myself when you're not there
