Rap

E F G Bb (12x)

Is this what you want? The baddest, the baddest  
I know what you want, without askin'  
I hit once, have to have it, I hit it twice, it's a habit,  
don't get caught up in traffic  
I heard that it's hazardous the stormin' outside, let's do  
that on the mattress  
I just keep askin, is it real, is it real? Look, tell me, is  
it real?  
Yep, real enough to go and get a tatty?  
Give you flowers, now you look like you won a pageant  
I can take you to the crib, condo, or the cabin, what's up?  
If you make it, I can make it happen, I can grant it  
Don't you take my "grant it" though for granted  
I know that's not your intent, we ain't even campin'  
And to leave this bed I'm a need a fuckin' ransom  
Man I got her screamin' "Finally Famous!" when we fly around  
Never lie to you 'less I lie you down  
I put the writin' on the wall, but you don't understand it all  
like we in Chinatown  
We one and one, both one of ones, and when you put the twos  
together  
That's not twenty-two, it's forever, I promise 20-20 couldn't  
even make it clearer  
I swear, Sean Don

C Eb F  
I'd like to give you what you need  
C Eb  
I try but you're makin' it hard for me  
C Eb F  
How do I make you believe?  
Bb F C  
Cause I love you, need you, need you here to stay
