Dm F Don't do it, baby  
C G Don't do it to me, no  
Dm F C G x4  
I know you don't wanna talk, right  
We've been on and off like the crosslights  
You heard I'm playin' with them hoes like I golf, right?  
When I touch you, I get frostbite  
Girl you're so cold, so cold, so cold  
How we so young but livin' so old?  
In the bed together but we sleepin' solo  
That could drive you loco  
You supposed to me my uno, Yoko Ono  
Oh no, round two again  
We've been fighting more than Ryu and Ken  
Last time we argued eight straight days  
I learned my lesson, I got straight As  
And I know it's deeper than masseuses  
Oh, you know I eat the cookie like I'm Lucious  
Go ahead and take the time  
But it's a waste of time if your waist ain't on mine  
Think about it  
Dm You ain't gotta make your mind up
