

Justin Bieber - That's What Love Is

A tom:

A
Ooh, and I can feel you
A
Even though I haven't touched you
Bm E
Yeah, that's what love is
A D
That's what true love is
Bm E E
Wouldn't want nobody else by my side

A
Ooh, and you can trust me
A
After all the lies I told you
Bm E
Yeah, that's what love is
A D
That's what true love is
Bm E E
Don't nobody else deserve my time

A
I reach out to you
A
But my hands can't hold enough
Bm E
Enough of your greatness
A D
You teach me patience
Bm E E
Like the best of our worlds collide

A
Never understood what it meant
A
It meant to submit to love
Bm E
So beyond what lust is
A D
Hey, it's a blessing
Bm E E

That you're in my life

A
Make me look even better
A
When we shine, we shine together
Bm E
Yeah, that's what love is
A D
Now, that's what love is
Bm E E
Don't nobody else deserve my eyes

A
When you demand my presence
A
It's hard to read the message
Bm E
I stay on the defense to take away your leverage
A D
'Til you put it in perspective
Bm E E
Can't help but to respect it

A
Oh, now I know what love is
A
I know what true love is
Bm E
Yeah, down in my soul
A D
Far more than you know my self-esteem gets low
Bm E E
You lift it right up through the ceiling, woah

A
Ooh, and I can feel you
A
Even though I haven't touched you
Bm E
Yeah, that's what love is
A D
Now, that's what love is
Bm E E
Wouldn't want nobody else by my side, no

A
That's what love is
A
That's what love is
Bm E
I appreciate you
A D
God bless your maker, hey-hey
Bm E E
That's what love is
