

# Justin Timberlake - Take It From Here

Tom: C  
Intro: ( C G7 Bm7 Am ) 2x

- Se quiser fazer um dedilhado e uma batida fica melhor. Mas tambem fica bom todo com batidas igual na musica mesmo.

I wanna be your lake, or your bay  
 And any problems that you have  
 I wanna wash 'em away  
 I wanna be your sky  
 So blue and high  
 And everytime you think of me  
 I wanna blow your mind  
 I wanna be your air  
 So sweet and fair  
 So when you feel that you can't breathe  
 Ma, I'll be there  
 I wanna be your answer, all the time  
 When you see how I put your life before mine  
 With no question  
 When all the love feels gone  
 And you can't carry on  
 Don't worry, girl  
 I'ma take it from here  
 Just as sure as the sun will shine  
 Every morning, everytime  
 Don't worry, girl  
 I'ma take it from here  
 ( C G7 Bm7 Am )  
 I wanna hold your hands  
 Review all your plans  
 I wanna make sure everyone of your dreams is there  
 I would be your broadway show on review  
 So I can act out how God was when he made you  
 I wanna be your lighthouse when you get lost  
 I'll light a bright and shiny path to help you across  
 I wanna be your mother, wait  
 See what I see  
 And when you see that can't nobody hold you like me  
 Cause I love you  
 ( C G7 Bm7 Am )  
 When all the love feels gone  
 And you can't carry on  
 Don't worry, girl  
 I'ma take it from here

Just as sure as the sun will shine  
 Every morning, everytime  
 Don't worry, girl (no no)  
 I'ma take it from here

( C G7 Bm7 Am )  
 And when there's no one there to hold  
 And you realize the world is cold  
 Don't worry, girl  
 I'ma take it from here  
 That's what I'm gonna do  
 Just as sure as the sun will shine  
 Every morning, everytime  
 (Don't you worry, baby)  
 Don't worry, girl  
 I'ma take it from here

( C G7 Bm7 Am )  
 Give me one reason why we should not be leaving  
 This world is so deceiving, the time is now  
 Let's fly away speeding  
 Through the Garden of Eden  
 Where all the sweet breathing of love surrounds

( C G7 Bm7 Am )  
 When all the love feels gone  
 And you can't carry on  
 Don't worry, girl  
 I'ma take it from here  
 Just as sure as the sun will shine  
 Every morning, everytime  
 Don't worry, girl (no no)  
 I'ma take it from here

( C G7 Bm7 Am )  
 Give me one reason  
 Why we should not be leaving  
 This world is so deceiving  
 The time is now  
 Lets fly away speeding  
 (We'll fly away)  
 Through the Garden of Eden  
 Where all the sweet and breathing  
 Of love surrounds

( C G7 Bm7 Am )  
 When all the love feels gone  
 And you can't carry on  
 Don't worry, girl  
 I'm-a take it from here  
 Just as sure as the sun will shine  
 Every morning, everytime  
 Don't worry, girl  
 I'm-a take it from here

( C G7 Bm7 Am )  
 Love ain't always the way they write in books  
 (No, no)  
 See there's the good guys  
 And also heartbreak crooks  
 Your hearts the real one  
 Just take a look inside  
 'Cause it's a colorful illustrated guide

( C G7 Bm7 Am )  
 So there you go  
 Don't worry  
 To help you weather the storm  
 I'll be there mami  
 No matter what time  
 No matter what place  
 You can always count on me  
 I'll take it from here

## Acordes
