

# JVKE - Save Your Breath

tom:

D

[Primeira Parte]

D  
One word replies  
Dodging my eyes  
Gbm A Bm  
Hug me goodbye but you don't hold  
A  
As tight  
G  
What gives?  
D  
Conversations are dry  
"Hey" with one "Y"  
Gbm Bm A  
Eight hours later you say your phone died  
G  
Yeah, I bet

[Pré- Refrão]

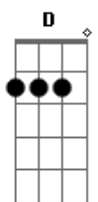

A7  
Yeah, you been acting differently  
Ever since we bumped into your ex  
G  
Last week  
Oh, what a night that was  
A  
Funny how you fight with me  
But you don't wanna fight for us  
G  
Thought you were in love with me  
But then again  
I saw the way you looked at him

[Refrão]

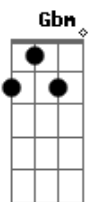

D Bm A G  
So go, no I won't hold you back anymore  
(Won't hold you back anymore)  
D  
Just go  
Bm A G  
No, you don't have to lie anymore  
(Don't have to lie anymore) Ooh, yeah  
A7  
And I know you can't deny the way you  
Feel no more

G
