   Feel like Sun, on my skin
                 Em
   So this is love, I know it is
I know it sounds super cliché
But you make me feel some type of way
                  Em
This is falling, falling in love
(B7M C Dbm Em)
      B7M
I got a lot on my mind
Got some more on my plate
      Dbm
My baby got me looking forward to the end of the day
What you say?
You and me
       Dbm
Just forget about the past and throw it in the trash
What you say?
```

```
You and me
         Dbm
Live the life we never had like we're never going back
   Feel like Sun, on my skin

                  Em
   So this is love, I know it is
I know it sounds super cliché
But you make me feel some type of way
This is falling, falling in love
I know it sounds super cliché
But you make me feel some type of way
This is falling, falling in love
