

JVKE - This Is What Falling In Out Of Love Feels Like

tom:
Ebm

I never thought it'd end this way
 Lost the passion, got the pain
 And every time I hear your name
 It simply doesn't hit the same
 What happens when the colors fade?
 Butterflies, they fly away
 And every time I hear your name
 It simply doesn't hit the same
 It simply doesn't hit the same
 Oh-oh,oh-oh, oh (Oh-oh,oh, oh-oh, oh)
 It simply doesn't hit the same
 Run it up
 Count up the bands and run it up
 I'm out of love
 Throwin' up the towel, I'm out of love
 We touchin', the magic is gone
 And I hate all our favorite songs
 I swear, I tried singin' along

But everything 'bout it feels wrong
 See your name up on my screen
 The emoji's been gone for weeks
 But I can't shake the way that I'm feeling
 Like when something's droppin' from the ceiling
 Like we're broken, don't know how to heal it
 Can you feel it? Can you feel it?
 I never thought it'd end this way
 Lost the passion got the pain
 And every time I hear your name
 It simply doesn't hit the same
 What happens when the colors fade?
 Butterflies, they fly away
 And every time I hear your name, oh
 It simply doesn't hit the same
 (It doesn't hit the same, yeah)
 It simply doesn't hit the same
 (It doesn't hit the same, the same)
 It simply doesn't hit the same
