Tom: **A**

**A7**  
 There is nothing that is wrong  
 With wanting you to stay here with me **D**  
**A7**  
 I know you got somewhere to go, but,  
 Why don't you make yourself at home **D** and stay with me  
**E7**  
 Don't you ever leave

Chorus: **A7** **D**  
 Lay down Sally, I'll rescue you in my arms  
**E7** **A**  
 Don't you think you want someone to talk to  
**A7** **D**  
 Lay down Sally, no need to leave so soon  
**E7** **A7**  
 I've been trying all night long just to talk to you

**A7**

## Acordes

The sun ain't nearly on the rise **D**  
 We still got the moon and stars above **A7**  
 Underneath the velvet skies, love is all that matters **D**  
 Won't you stay with me? Don't you ever leave **E7**

Chorus

**A7**  
 I long to see the morning light **D**  
 Coloring in your face so dreamily **A7**  
 So don't you go and say goodbye  
 Cause you can make yourself right home  
**D** **E7**  
 And stay with me. Don't you ever leave
