

Kaden Mackay - Cant The Future Just Wait

tom:

Dbm

E

Can't the future just wait?

Ab7

Can't the deadlines come fashionably late?

Dbm

A

I could push every goal back, take control back

Am

E

If they'd roll back the rate, at which time starts to fly

Ab7

Never landing or standing by

Abm7

A7

Never taking a break, ever making me retry

C7

D

We 'nickel and dime' every 'quarter to two'

E7M

But maybe it's time to let time pass through

[Verse 2]

E

If the future is bright

Ab7

It doesn't shine with that 'end of the tunnel light'

Dbm

A

More like a deer in the headlights, sudden red lights

Am

E

Or 'you're dead' lights as the angler fish bite, it's not fair

Ab7

The path is clear but it's clear back there

Abm7

A7

What's ahead no one knows, but it's closing in we swear

C7

D

Still not in my prime, I have so much to do

E7M

But maybe it's time to let time pass through

E

I can't just rewrite decisions when life get strange

Ab7

Should I go with my gut on which door I should shut, I'm unsure

A

C#7M

I'd keep exploring this rut, but what good is time without change?

Move on

'Cause things never last

Just move on

'Cause it goes too fast and the past has passed

So move on

No one likes an ending

So what's with the attention we keep on giving them?

Why are we still spending so much time

Dreading our lives instead of living them?

Why do we try to divert the river

When the water is what will deliver us where we need to go?

We may never know why

Time is always in limited supply

But we'll live to regret it

If we get it

And then let it slip by

It can never rewind

Once you've lost it, it's hard to find

Take the journey in stride

When your plans have been sidelined

Every hourly chime could begin something new

So maybe it's time to let time pass through

Not passing by, but passing through

'Til the well runs dry

Just passing through
