

Kailasa Blues - Keep Walking

Tom: G

Uh, uh, uh, darling
 I don't wanna miss you
 But ou should know, I have to do my job
 Before
 Uh, uh, uh, darling,
 World is freaking crazy
 And everyone could do more for his sisters
 And bros
 And I've asked everybody
 Looking for some shelter
 Until now, nothing new is going on
 It's look alike we are a field
 Of human plants

Where most, to the trash
 Is going for (oh, no)
 Oh, darling
 Just keep walking
 To the stars!
 But darling
 Hope still is the answer
 Im an optimist and could see Apocalypse
 Welcome
 So, darling
 Now show me some sugar
 Forget the universe
 Ans let's roll
 Like never before
