

Kailasa Blues - Shake My Mind

tom:

E

E

I wake up in the morning

And early

B7

Start to shake my mind

So I get high to some mountain

And jump

E

Aiming the star and the sky

And I fly, and I fly, and I fly

B7

So fast through space I fly

But now I cannot open my eyes

E

Because back I could fly

B7

And I try, and I try, and I try

E

To fly faster and higher

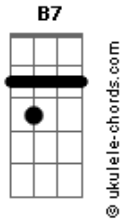

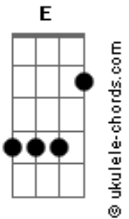

B7

And I fly, and I fly, and I fly

E

Trying not to loose my mind

Acordes

E

At night, I'll go sleep

Just thinking

B7

How better I've should be

And I see cristal clear

The size

Of the dumb

E

I've turn in to

And I fly, and I fly, and I fly

B7

So fast through space I fly

But now I cannot open my eyes

E

Because back I could fly

B7

And I try, and I try, and I try

E

To fly faster and higher

B7

And I fly, and I fly, and I fly

E

Trying not to loose my mind
