

Kaiser Chiefs - We Stay Together

Tom: G

If it's coming then we'll take it as it comes
 And if it's going then we'll wave it goodbye
 Waiting for a train that never comes
 You're waiting for a brain that never knows
 (Dm C Dm C)

We break it down, into its parts
 We toured around, and break our hearts
 We laugh along with all of the jokes (ha ha)
 We raced along and stayed so close
 Oh through it all (yeah)
 We stay together we stay together

I know that my love got no other Love
 My love got no other Love
 She got She got a lot
 My love got no other love
 My love got no other love she got a home

And there's a light on that will never go out
 And when the night's gone
 not a shadow of a doubt about you About you
 And there's a time bomb and it's gonna go off
 Then we'll disarm it 'cos I'm so better off with you
 Here with you, yeah
 (Dm C)

We break it down, into its parts
 We risk it all through prison bars
 We laid it down, there to rest
 And hold it down, until it's drowned
 But more than that we stay together
 We stay together

We stay together	we stay together
We stay together	we stay together
We stay together	we stay together
We stay together	we stay together
We stay together	we stay together
We stay together	we stay together
We stay together	we stay together
We stay together	we stay together
