Riff 2

(SE PREFERIR PODE FAZER A INTRO COMO: EM G EM (RIFF 1) - EM G EM A - A G EM (RIFF 2), TAMBÉM FICA BOM)

Can't fight the temptation  
 When you get the vibration  
 Won't do you no good, no good  
 Won't do you no good, no good  
 You better start running  
 When you hear the man coming  
 Won't do you no good, no good  
 Won't do you no good, no good

No we don't mind  
 If you don't mind  
 Hell I never mind!

(Riff 2)

Now let the moment break you  
 Let the feeling come take you  
 Won't do you no good, no good  
 Won't do you no good, no good

And you know I got feelings  
 Won't you hit me right, you know you might as well  
 Won't do you no good, no good  
 'Cause he won't do you no good, no good

And I said kiss your baby goodbye  
 Come on, love, it's alright!

Heaven knows they wanna break you apart, yeah

Kiss your baby goodbye

Come on, love, it's alright!

You never know unless you give it a try

Oh baby

(Riff 2)

'Said do you no good, yeah!

Can't fight the temptation

When you get the vibration

Won't do you no good, no good

Won't do you no good, no good

And you can tell I got feelings

You try to shake it off, I know you won't

You won't do you no good, no good

Today won't do you no good, no good

And I said kiss your baby goodbye

Come on, love, it's alright!

Heaven knows they wanna break you apart, yeah

Kiss your baby goodbye

Come on, love, it's alright!

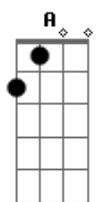

You never know unless you give it a try

(mantém em A,G,Em )

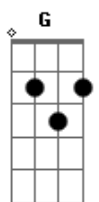

Yeah, yeah!  
 Whoa, yeah!  
 No, no, baby  
 Yeah!  
 Whoa yeah!  
 Want my sweet little baby  
 Whoa you're no good babe, yeah!  
 I said yeah  
 One day yeah, baby!  
 Ah yeah  
 Woo!  
 Oh yeah!

(Riff 1 e 2)
