

Kally's Mashup - Love Dream

tom:

G
 Words in my mind
 I don't wanna say
 It's embarrassing
 Day dreaming this way
 Now, my eyes are closing
 It's your hand I'm holding

G A
 And we're never coming down
 Yeah we could be good, so good
 If we where together
 We should, we should
 Hang on to the air
 And go high

Gm Dm
 And let's just go high
 Yeah we could be good, so good
 If we were together
 If we were together
 My feet leave the ground
 When I'm next to you
 And oh wanna know
 As I better be
 We're rising above it
 It's wild and I love it

G A
 And we're never coming down
 Yeah we could be good, so good
 Dm
 If we where together
 Gm
 We should, we should
 Dm
 Hang on to the air
 Gm Dm
 And go high
 Gm Dm
 And let's just go high
 Yeah we could be good
 If we where together
 Yeah if we where together
 (Don't you like me?)
 If we where together
 (From this love dream)
 If we where together
 (Don't you like me)
 If we where together
 (From this love dream)
 Now my eyes are closing
 Is your hand in holding
 And we're never coming down
 Ohhhh we could be good, so good
 If we where together
 We should, we should
 Hanging to the air
 And go high
 And let's just go high
 (Just go high)
 Yeah we could be good, so good
 If we where together
 If we where together
 If we where together
 If we where together
 (Don't you like me)
 Cause here we are together babe
 (From this love dream)
 Cause here we are together babe
 (Don't you like me)
 Don't you wake me up now
 (From this love dream)
 Don't you wake me
 Don't you wake me up
