

Kally's Mashup - More Than Anyone (feat. Maia Reficco & Alex Hoyer)

tom:

I can?t ignore, can?t ignore

I've been trying to find a way to say
I've been lost and couldn't find my way
Can?t deny the truth
I was missing you

Now I found the melody I'm looking for
Won?t turn back
I feel the beat, I can?t ignore

Now that you're here, I won?t let you go
And in this moment
You have to know that tonight
I love you more than anyone

Funny how life takes us different ways
A thousand miles was never
Gonna keep me away from you

So tell me how you're really feeling
About us, feeling about us
Tell how do we'd ever make it without us
Make it without us

'Cause I found the melody I'm looking for
Won?t turn back
I feel the beat

I can?t ignore, can?t ignore

Now that you're here, I won?t let you go
And in this moment
You have to know that tonight (that tonight)
I love you more than anyone
