tom: Dbm

A7M  
Chora, chora, noite minha  
Abm7  
Que a cantiga vem sozinha  
A7M  
Teu medo diz que tá perdida  
Abm7  
Teus olhos não veem a saída

Gbm7  
Se esconde e repouse menina  
Abm7  
Durma nessa madeira antiga  
Gbm7  
A lua brilha em tua trilha  
Abm7  
Enquanto o sol adormecia

( A7M Abm A7M Abm )

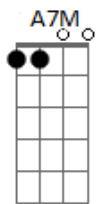

E Dbm7  
Agora tu é a rainha dos bichos da floresta  
Gb7

Lobos, ursos juntos fazendo a festa  
Abm7  
Micos vem trazendo essas frutas frescas

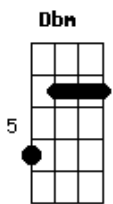

E Dbm7  
Agora tu é a rainha da Mata e a porra toda  
Gb7  
Esquilos fazem de galho tua coroa  
Abm7  
Tu fica linda junto as raposas

E  
Cadê você doce menina  
Dbm7  
Porque não da sinal e grita  
E  
Sirenes tocam nesse dia  
Dbm7  
Teu corpo na terra enraíza  
E  
Teus cachos continuam lindos  
Dbm7  
Teu corpo delicado e frio  
E  
Trancada nesse lugarzinho  
Dbm7  
E a chave se perdeu com os bichos
