

Kamelot - Forever

tom:
 G
 There's a pain within
 That I can't define
 There's an empty space
 Where your love used to shine

Am
 From the night we met
 Till the day you died
 Do you think I wished
 Do you still believe I tried

F G
 All too soon we were divided
 Em F G
 And life had just begun

Am G
 Will you revive
 F
 From the chaos in my mind
 C Em G
 Where we still are bound toge...ther?
 Am G
 Will you be there
 F
 Waiting by the gates of dawn
 G Am
 When I close my eyes forever

Am
 I belong to you
 You belong to me
 It's the way things are
 Always meant to be

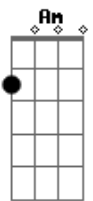

Am
 Like the morning star
 And the rising Sun
 You convey my life
 And forgive me what I've done

F G
 All too soon we were divided
