

# Kansas - Hold On

Tom: C

Intr: (Am Em C G D C D) 2x

Am C  
Look in the mirror and tell me  
D F G  
Just what you see  
Am C  
What have the years of your life  
D  
Taught you to be  
F G  
Innocence dyin' in so many ways  
F Em  
Things that you dream of are lost  
D B7  
Lost in the haze

CHORUS

Em D  
Hold on, baby, hold on  
C D  
'Cause it's closer than you think  
Am D  
And you're standing on the brink  
Em D  
Hold on, baby, hold on  
C D  
'Cause there's something on the way  
Am D E E E  
Your tomorrow's not the same as today

Am C  
Don't you recall what you felt  
D F G  
When you weren't alone  
Am C  
Someone who stood by your side  
D  
A face you have known  
F G  
Where do you run when it's too much to bear  
F Em  
Who do you turn to in need  
D B7  
When nobody's there

CHORUS

Am C  
Outside your door He is waiting  
D F G  
Waiting for you  
Am C  
Sooner or later you know  
D  
He's got to get through  
F G  
No hesitation and no holding back  
F Em  
Let it all go and you'll know  
D B7  
You're on the right track

CHORUS

## Acordes
