

# Kanye West - Only One

Tom: D  
Intro: D

G B7  
As I lay me down to sleep,  
Em Em  
I hear her speak to me.

G B7  
Hello 'Mari, how ya doin'?  
Em C  
I think the storm ran out of rain, the clouds are movin'.

G B7  
I know you're happy, cause I can see it.  
Em C  
So tell the voice inside ya' head to believe it.  
G B7  
I talked to God about you, he said he sent you an angel  
Em C  
And look at all that he gave you, you asked for one and you got two.

G B7  
Mmmhmm, You know I never left you  
Em C  
Cause every road that leads to heaven's right inside you.

[Chorus]

G B7  
So I can say, hello my only one  
Em C  
Just like the morning sun  
C  
You keep on rising till the sky knows your name  
G B7  
Hello my only one  
Em C  
Remember who you are  
C  
No you're not perfect but you're not your mistakes

G B7  
Hey, hey, hey, hey,  
Em C  
Oh the good outweighs the bad even on your worst day.  
G B7  
Remember how I'd say, hey, hey, one day,  
Em C  
You'll be the man you always knew you would be.

G  
And if you knew  
A  
How proud I was  
C  
You'd never shed a tear,  
G  
Have a fear, No you wouldn't do that  
G  
And though I didn't

A  
Pick the day to turn the page  
C G  
I know it's not the end every time I see her face and I hear you say,

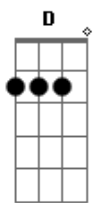

[Chorus]
