tom:

Intro: D G

I know you love me

I wanna wad you up into my life

Let's roll up to be a single star in the sky

I hear you calling me

I wanna wad you up into my life

Let's lump up to make a single star in the sky

To you, to you

I'm so in love with you

I wanna wad you up into my life

Let's roll up to be a single star in the sky

I need you to feel me

I wanna wad you up into my life

Let's lump up to make a single star in the sky

To you
