

Kate Nash - Doo Wah Doo

Tom: G

Everybody thinks that girl's so fine
 And everybody's like i'll make her mine
 Everyone thinks that she's a bit of alright
 But I think that she's not so nice
 Every guy's looking in her eyes
 Every guy's checking out her thighs
 Everyone thinks that girl's a lady

But I dont I think that girl's shady
 Well I'll just read a book instead
 I dont care if we're just friends
 Well I can hang out with myself
 I'm old enough now to pretend
 Well I'll just read a book instead
 I know that you think she's best
 Well I don't even think she cares
 I don't know what you see - there's nothing there!
