

# Kate Nash - Mariella

Tom: C

This is the pattern for the intro and the first verse

I'm heavy handed, to say the least.  
My mother thinks I'll be an awful clutcher 'cus I spill things  
from stirring them too quickly.  
I'm far too loud.  
Its like, as soon as I've got an opinion, it just has to come  
out.  
I laugh at stupid things just 'cause they tickle me.

This is the pattern for the next part, it goes faster and  
faster, listen to the  
if you want to strum the song, C Am G F troughout the song,  
listen to the recording for  
rythm

and sometimes  
sometimes I wish I was like Mariella  
she got some Pritt stick  
and glued her lips together

so, she never had to speak  
never had to speak, never had to speak  
people used to say she's as quiet as a mouse  
she just doesn't make a peep

she marched to her wardrobe  
and she threw away the color  
because wearing black looks mysterious  
but it didn't impress her mother

she wanted to dress her baby  
in patterns and flowers  
but Mariella just crossed her arms  
and so she cried for hours

Mariella, Mariella, my pretty baby girl  
unglue your lips from being together  
and, and wear some pink and pearls

you can have your friends 'round  
and they can stay for tea  
won't you just try to fit in please?  
do this for me

but mariella just crossed her arms  
and she walked up the stairs  
and she went into her bedroom  
and she sat on her bed

and she looked in the mirror

and she thought to herself  
"If I wanna play, I can play with me  
If I wanna think, I'll think in my head"

at school  
Mariella didn't have many friends, yeah  
the girls, they all looked at her  
and they thought she was quite strange

and the boys  
they're not really into girls at that age  
and the teachers, they thought  
Mariella was just going through a phase

But Mariella just smiled  
as she skipped down the road  
because she knew  
all the secrets in her world

yes, she always got  
the crossword puzzles right every day  
and she could do the alphabet backwards  
without making any mistakes  
Mariella, Mariella, you pretty, pretty girl  
Mariella, Mariella  
happy in her own little world  
happy in her own little world

and she said, "yeah, I'm never ever, ever, ever, ever  
...  
gonna unglue my lips from being together...

Last bit is a bit different, same chords, but it just hits the  
base-notes. The rythm  
the same, but if you listen to the recording it's not hard to  
figure it out. The last  
is tricky "unglue my lips from being together" I just strum  
the C chord very fast a bit  
a live rock-song ending. It works for me.

And she says yeah I'm never ever ever ever ever ever ever  
ever ever, yeah, I'm  
ever ever ever ever ever, yeah, I'm never ever ever  
ever ever ever gunna unglue  
lips from being together  
She said I'm never ever ever ever ever ever ever  
ever, yeah, I'm never ever  
ever ever ever ever, yeah, I'm never ever ever ever  
ever  
gunna unglue my lips from being together

If I have made any mistakes, I apologise, it's my first tab,  
but I wanted to share  
song because it's so much fun. I play it with a two friends of  
mine, two on guitar, one  
it's a lot of fun to see how fast you can go in the end .  
Have fun with it
