

Kate Nash - Mariella

Tom: C

This is the pattern for the intro and the first verse

I'm heavy handed, to say the least.
 My mother thinks I'll be an awful clutcher 'cus I spill things
 from stirring them too quickly.
 I'm far too loud.
 Its like, as soon as I've got an opinion, it just has to come
 out.
 I laugh at stupid things just 'cause they tickle me.

This is the pattern for the next part, it goes faster and
 faster, listen to the
 if you want to strum the song, C Am G F troughout the song,
 listen to the recording for
 rythm

and sometimes
 sometimes I wish I was like Mariella
 she got some Pritt stick
 and glued her lips together

so, she never had to speak
 never had to speak, never had to speak
 people used to say she's as quiet as a mouse
 she just doesn't make a peep

she marched to her wardrobe
 and she threw away the color
 because wearing black looks mysterious
 but it didn't impress her mother

she wanted to dress her baby
 in patterns and flowers
 but Mariella just crossed her arms
 and so she cried for hours

Mariella, Mariella, my pretty baby girl
 unglue your lips from being together
 and, and wear some pink and pearls

you can have your friends 'round
 and they can stay for tea
 won't you just try to fit in please?
 do this for me

but mariella just crossed her arms
 and she walked up the stairs
 and she went into her bedroom
 and she sat on her bed

and she looked in the mirror

and she thought to herself
 "If I wanna play, I can play with me
 If I wanna think, I'll think in my head"

at school
 Mariella didn't have many friends, yeah
 the girls, they all looked at her
 and they thought she was quite strange

and the boys
 they're not really into girls at that age
 and the teachers, they thought
 Mariella was just going through a phase

But Mariella just smiled
 as she skipped down the road
 because she knew
 all the secrets in her world

yes, she always got
 the crossword puzzles right every day
 and she could do the alphabet backwards
 without making any mistakes
 Mariella, Mariella, you pretty, pretty girl
 Mariella, Mariella
 happy in her own little world
 happy in her own little world

and she said, "yeah, I'm never ever, ever, ever, ever
 ...
 gonna unglue my lips from being together..."

Last bit is a bit different, same chords, but it just hits the
 base-notes. The rythm
 the same, but if you listen to the recording it's not hard to
 figure it out. The last
 is tricky "unglue my lips from being together" I just strum
 the C chord very fast a bit
 a live rock-song ending. It works for me.

And she says yeah I'm never ever ever ever ever ever ever
 ever ever, yeah, I'm
 ever ever ever ever ever, yeah, I'm never ever ever
 ever ever ever gunna unglue
 lips from being together
 She said I'm never ever ever ever ever ever ever
 ever, yeah, I'm never ever
 ever ever ever ever, yeah, I'm never ever ever ever
 ever
 gunna unglue my lips from being together

If I have made any mistakes, I apologise, it's my first tab,
 but I wanted to share
 song because it's so much fun. I play it with a two friends of
 mine, two on guitar, one
 it's a lot of fun to see how fast you can go in the end .
 Have fun with it
