

# Katie Melua - I Will Be There

Tom: C  
Intro: D C Em Bb D D

She is like the lady down the road

Or just the woman up the street,

Like any mother you may know.

To me, she is the one who had it planned

To lead us all to Wonderland,

She always wanted us to go,

And she said

Don't ever be lonely,

Remember, I'll always care.

Wherever you may be

Remember I will be there.

And like another lady that we know

She has a smile so bright and sweet,

And hair as white as driven snow;

Though life is never easy day to day,

She has a very special way

To make us smile when we are low.

And she says:

Don't ever be lonely,

Remember, I'll always care.

Wherever you may be

Remember I will be there.

Don't ever be lonely,

Remember, I'll always care.

Wherever you may be

Remember I will be there.

Solo: D B F Eb

Remember, I'll always care.
