

Katinguelê - Toda Chic

Intro: Gbm4 Gbm7 E Abm7 Db7

Na passarela ou na favela é top

É chique até de rasteirinha e short

Solta o cabelo e prende atenção

Ela tem tudo que quiser na mão

A vaidosa é gostosa sim

Só de maldade jogou charme em mim

Toda turbinada esse avião me dá um medo

Eu já to nas nuvens desejando o teu beijo, teu calor, me

pegou.

Se faz de difícil ela nunca perde a pose

To de olho nessa mina e não é de hoje, como eu to, me ganhou.

Quem mandou me provocar

Fez meu fogo acender

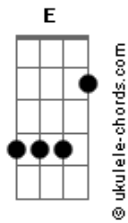

Se queimou agora deixa arder, deixa arder, deixa arder

Se o meu corpo te encontrar

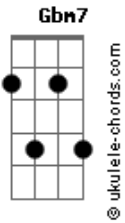

Trago a lua até você

Todo dia a gente vai querer, vai querer, vai querer.
