

## Katy Perry - 365

```
Tom: G
                                                               I want you to be there on a Monday night
m (forma dos acordes no tom de Dm )
                                                               Tuesday night, every night
Capostraste na 5º casa
Intro: Am Am
                                                               Are you gonna be the one that's on my mind?
[Verso]
                                                               I want you to be the one to stay
Waking up next to you in the middle of the week
                                                               And give me the night and day
Never needed anyone to send me off to sleep
And I know I said go slow, but I can't hold back no more
                                                               I think about you all the time
Got a premonition this ain´□□t gonna be a fling
                                                               24/7. 3-6-5
You make the weekend feel like a year
                                                               I think about you all the time
                                                               24/7, 3-6-5
Baby, you got me changing
24/7, I want you here
                                                               [Ponte]
I hope you feel the same thing
                                                               Oh oh oh oh, oh oh oh
[Refrão]
                                                               Are you gonna be the one? (One, one, one, one)
I want you to be the one that's on my mind
                                                               Oh oh oh oh, oh oh oh, Oh oh oh oh
On my mind, on my mind
                                                               Are you gonna be the one? (One, one, one, one)
I want you to be there on a Monday night
                                                               Oh oh oh oh, oh oh oh, Oh oh oh oh
Tuesday night, every night
                                                               Are you gonna be the one? I want you to be the one
Are you gonna be the one that's on my mind?
                                                               [Refrão]
I want you to be the one to stay
                                                               I want you to be the one that's on my mind
And give me the night and day
                                                               On my mind, on my mind
(Am Am)
                                                               I want you to be there on a Monday night
[Verso 2]
                                                               Tuesday night, every night
                                                               Are you gonna be the one that's on my mind?
Love it when you come back and can´□□t take it when you leave
Got me fantasizing our initials already
                                                               I want you to be the one to stay
And I wanna just let go, falling deeper than before
                                                               And give me the night and day
Say that you are ready, lock it up in a heartbeat
                                                               I think about you all the time
[Refrão]
                                                               24/7, 3-6-5
                                                               I think about you all the time
I want you to be the one that's on my mind
                G
On my mind, on my mind
                                                               24/7, 3-6-5
```

## Acordes
