

Katy Perry - Just a Song

Tom: **E**

E
So, when my voice breaks

It's called interpretation
Dbm
When I hold a note

It's 'cause I want to
A
Not 'cause I feel anything about you
C
So don't flatter yourself thinking that I love you
E
Make you emotional

From major to the minor
Dbm
When I lose control

I'm not trying to impress you
A
Break it down and I get your attention
C
But it's just formula, I don't need your validation
B

Validation

E
This is just a song

The music plays and then
Dbm
Then it's gone again

This is just a song
A
The words don't mean a thing
B
So every time I sing i loved you all along

Remember, remember this is just a song

E
Now, I feel nothing

Yes, I'm on auto pilot
Dbm
I have sung these words

Even sing 'em while I'm sleeping
A
Just 'cause you have showed up here to see me

C
Doesn't mean I'm going home with you this evening
B

I know **E** December is the month we meet
Dbm
But it rhymes with remember
A
Or did you forget I was only giving a performance?
C
I hadn't noticed you were in the audience
B

In, in the audience

E
This is just a song

The music plays and then
Dbm
Then it's gone again

This is just a song
A
The words don't mean a thing
B
So everytime I sing I loved you all along
Remember, remember this is just

Dbm **A**
Everybody knows that this is just a song
B
And I don't feel a thing for you
Dbm **A**
Everybody knows that rhythm, rhyme and structure
B
Doesn't mean I love you

Oh, no

E
This is just a song

The music plays and then
Dbm
Then it's gone again

This is just a song
A
The words don't mean a thing
B
So every time I sing I loved you all along

Remember, remember this is just
Dbm
It's just a song
