Katy Perry - Love Me

Tom: Db

(forma dos acordes no tom de G)
Capostraste na 6ª casa
Intro: G Em C

```
  G                      Em     C
I lost myself in fear of losing you
  G                 C
I wish I didn't do,  but I did
G                       Em   C
 I lost my own, my own identity
G                          C
Forgot that you picked me, for me

    Em             C                    Em
But now, I don't negotiate with insecurities
           C                        Em
They always seem to get the best of me
          F                              Am       G
I found I had to love myself, the way I want you to

     G                           Em
Love me, no more second guessing
           C       D      G
No, there's no more questioning
           D     G      Em      C        G
I'll be the one defining who I'm go---nna be
                    Em    C        D     G
No concealing feelings, or changing seasonly
                 D                 C        D       C
I'm gonna love myself, the way I want you to love me

( G  Em  C )

    G                        Em   C
Sometimes I wish my skin was a costume
     G                   C
That I could just unzip,  and strip
G                       Em       C
But who I am is who I'm meant to be
         G                    C
And it's who you are in love, in love with

   Em             C                    Em
So now, I don't negotiate with insecurities
            C                   Em
You're gonna have to take a back seat
          F                               Am      G
I know I have to love myself, the way I want you to

     G                           Em
Love me, no more second guessing
           C       D      G
No, there's no more questioning
           D     G      Em      C        G
I'll be the one defining who I'm go---nna be
                    Em    C        D     G
No concealing feelings, or changing seasonly
                 D                 C        D       C
I'm gonna love myself, the way I want you to love me

                   C           F
No more standing in my own way
(Let's get deeper, let's get closer)
