

Katy Perry - The One That Got Away

```
Tom: E
Intro:
Summer after high school when we first met
We make out in you mustang to radio head
And on my 18th birthday we bought matching tattoos
Used to steal your parent's liquor and climb to the roof
Talk about our future like we had a clue
Never planned that one day I'd be losing you
In another life I would be your girl
               Dbm
We keep all our promises be us against the world
In another life I would make you stay
So I don't have to say you were the one that got away
The one that got away
I was June you were my johnny cash
Never one without the other we made a pact
Sometimes when I miss you I put those records on woah
Someone said you had your tattoo removed
Saw you down town singin' the blues
It's time to face the music I'm no longer your muse

In another life I would be your girl
                                                                                                           Dbm
We keep all our promises be us against the world
In another life I would make you stay
                                                                                                                               Dbm
So I don't have to say you were the one that got away
The one that got away
            The one the one
                                                                                                                                                                       the one the one that got away
           All his money can't buy me a time machine no
            Can't replace you with a million rings no
                                                                                                                                                                                                              Dbm
           I shoulda told you what you meant to me woah % \left\{ 1\right\} =\left\{ 1\right
            Cause now I pay the price
In another life I would be your girl
                                                                                                           Dbm
We keep all our promises be us against the world
In another life I would make you stay
                                                                                                                                Dbm
So I don't have to say you were the one that got away
The one that got away
                                                                                                                                                   Dbm
           The one the one
In another life I would make you stay
                                                                                                                                Dbm
So I don't have to say you were the one that got away
The one that got away
