

# Katy Perry - Walking On Air

Tom: Gb

(Tonight, tonight, tonight, I'm walking on air

You've given me sweet, sweet ecstasy  
Yeah, you take me to utopia  
You're reading me like erotica  
Boy you make me feel exotic yeah

Just when I think I can't take anymore  
We go deeper and harder than ever before  
We go higher and higher, I feel like I'm already there

(Single strum)

I'm walking on air, tonight  
I'm walking on air  
I'm walking, I'm walking on air, tonight  
I'm walking on air ( Db B )

I'm walking on air, tonight  
I'm walking on air  
I'm walking, I'm walking on air  
Tonight, I'm walking on air

This is pure paradise, even heaven is jealous of our love  
Yes we make angels cry, raining down on us from up above

Just when I think I can't take anymore  
We go deeper and harder than ever before

We go higher and higher, I feel like I'm already there

I'm walking on air, tonight  
I'm walking on air (I'm walking)  
I'm walking, I'm walking on air, tonight (tonight)  
I'm walking on air (I'm walking on..)  
I'm walking on air (Tonight, tonight, tonight, I'm walking on air)

Heaven is jealous of our love, ooh yeah  
Angels are crying from up above  
Tonight, I'm walking on a-ir (I'm walking)  
I'm walking, I'm walking on air, tonight (tonight, yeah!)  
I'm walking on air (I'm walking on air)  
I'm walking on air  
Tonight, I'm walking on air (I'm walking)  
I'm walking, I'm walking on air, tonight (tonight)  
I'm walking on air Oh, ohhh oh, I'm walking on (Tonight, Tonight, tonight, I'm walking on air) I'm walking on air

I'm walking on air)  
I'm walking on air
