

# Kdrew - Last Train To Paradise

Tom: G  
Intro: Am

Tonight we're on the run  
While we chase the morning sun  
Until our paradise is shown  
So we could live forever young

Follow the echoes of your soul  
To the edge and far beyond  
But no matter where you go  
Just be sure to make it on

The last train to paradise  
The last train to paradise  
The last train to paradise  
The last train to paradise

The last train to paradise

Tonight we're on the run  
While we chase the morning sun  
Until our paradise is shown  
So we could live forever young

Follow the echoes of your soul  
To the edge and far beyond  
But no matter where you go  
Just be sure to make it on

The last train to paradise  
The last train to paradise  
The last train to paradise  
The last train to paradise

## Acordes
