

Keane - Black Burning Heart

Tom: D

(intro) D D Em Em A

(solo)

verso)

Bm **D**
I wish that I could be
A **G**
In the cellars of the sea
Bm **D**
And disappear in them
A **G**
Never to be seen again

Bm **D**
Live this life
A **G**
Its unrelenting appetite
Bm **D**
For feeding off the weak
A **G**
Who never had their time to speak

(pré-refrão)

Bm **G7**
The sky will be my shroud
Em **G** **A**
A monumental cloud

(refrão) (solo)

D **D**
If we could turn back, you can't paper over the crack
Em **A**
But it will return now, and your heart will burn black

(verso)

Bm **D**
Give me your hand
A **G**
Cut the skin, let me in
Bm **D**
The molecules of us
A **G**
Bleeding into one again

(pré-refrão)

Bm **G7**
The sky will be my shroud

Em **G** **A**
The cenotaph of cloud

(Refrão)

D **D**
If we could turn back, you can't paper over the crack
Em **A**
But it will return now, and your heart will burn black
D **D**
Forgotten my way home, forgotten everything that I know
Em **A**
Every day a false start, and it burns my heart

(ponte 1)

D
I know
A **G7**
Everything you said was right, and I suppose
Bm **D**
Everything is here forever, till it goes
A **G7**
You gave it all away, kept nothing for yourself
A **Bm**
Just a picture on the shelf

Bm **G7** **Em** **G** **A**

Je souhaiterais merger
Dans les profondeurs des mers
Y disparatre
Pour ne plus jamais tre vu

(ponte 2)

D
Burning up now
A **Em**
And I'm racing down a road I don't recognise
A
I realise I've

(refrão) (solo)

D **D**
Forgotten my way home, forgotten everything that I know

Every day a false start, and it burns my heart
