

# Keane - Fly to me

Tom: G  
Intro: G Em D D D7sus4 D7 G7M G Bm Am D7sus4 G D7sus4 D7

Don't turn your back on me  
Conceal and protect me  
I need you to stop me from reeling around  
The time's gonna come when  
You no longer need me  
But stay by my side til the sun has gone down

When I am an old man and live by the sea  
Will all your thoughts fly to me

As much as I want to  
I can't hold on to you  
When will you return to your old home again

May love lie around you  
Good fortune surround you  
You know where to turn to when you need a friend

When I am an old man and live by the sea  
Will all your thoughts fly to me  
When I'm far away from the places we've grown  
Will all your love bring me home

Solo: Bm Am D7sus4 G D7sus4 D7

When I am an old man and live by the sea  
Will all your thoughts fly to me  
When I'm far away from the places we've grown  
Will all your love bring me home

Repete a introdução até a música ir diminuindo de volume (fadin' out)
