

# Keane - Hamburg Song

Tom: G  
Intro: G D D Am G

G D D  
I don't wanna be adored  
Don't wanna be first in line  
Or make myself heard

G D D  
I'd like to bring a little light  
Shine a light on your live  
To make you feel loved

C G C  
No, don't wanna be the only one you know  
I wanna be the place you call home

G D D C  
I lay myself down  
To make it so  
But you don't want to know  
I give much more  
Than I'd ever ask for

( e por aí vai )

Will you see me in the end'  
Or is it just a waste of time  
Tryin' to be your friend

Shine, shine, shine  
Shine a little light  
Shine a light on your life  
And warm me up again

Fool, I wonder if you know yourself at all  
You know that it could be so simple  
I lay myself down  
To make it so  
But you don't want to know  
You take much more  
Than I'd ever ask for

G | D | G | D  
( toca a intro. 2 vezes )

Say a word or two to brighten my day  
Do you think that we could see your way'

To lay yourself down  
And make it so  
But you don't want to know

You take much more  
Than I'd ever ask for
