

# Keane - On a day like today

Tom: F

IMPORTANTE: no início, a música é uma bateria leve com um acompanhamento que pode ser seguido conforme a cifra a baixo. Espero que gostem !

Obs: Essa música é a 10ª faixa do HOPES AND FEARS na versão europeia !!!

On a day like today  
 I looked at you and I  
 Saw something in the way  
 You stared into the sky

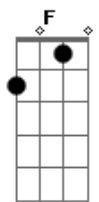

I saw you... were sick  
 And tired of my wrong turns  
 If you only knew the way I feel  
 I'd really love to tell you

But I  
 could never seem to say the things I needed to  
 On a day like today no other words would do

I saw you... were sick  
 And tired of my wrong turns  
 If you only knew the way I feel  
 I'd really love to tell you

But I can never find the words to say and I don't know why  
 I can't find the words to say and I don't know why  
 I can't find the words to say and I don't know why  
 I can't find the words to say and I don't know why  
 ..... vai assim
