

Keane - Perfect Symmetry

Tom: D

Aconselho a aumentar em 1 tom o violão/guitarra, usando um traste móvel.

Intro: D D A A Em G Bm A

(1ª PARTE)

I shake through the wreckage for signs of life

Scrolling through the paragraphs

Clicking through the photographs

I wish I could make sense of what we do

Burning down the capitals

The wisest of the animals

(PONTE)

Who are you?

What are you living for?

Tooth for tooth

Maybe we'll go one more

(REFRÃO)

This life is lived in perfect symmetry

What I do

That will be done to me

(REPETE 1ª PARTE)

Read page after page of analysis

Looking for the final score

We're no closer than we were before

(REPETE PONTE)

Who are you?

What are you fighting for?

Holy truth

Brother I choose

(REPETE REFRÃO)

This mortal life, lived in perfect symmetry

What I do

That will be done to me

As the needle slips into the run-out groove

Love

Maybe you'll feel it too

And maybe you'll find life is unkind

And over so soon

There is no golden gate

There is no heaven waiting for you

Oh boy, you oughta leave this town

Get out while you can

The meter's running down

The voices in the streets you love

Everything is better when you hear that sound

Woah!

Woah!

Woah!

Woah!

(REPETE REFRAO ATÉ O FINAL)

Spineless dreamers

Hide in churches

Pieces of, pieces of

Rush hour buses

I dream in e-mails

Worn-out phrases

Mile after mile of just

Empty pages

Wrap yourself around me

Wrap yourself around me

As the needle slips into the run-out groove

Maybe you'll feel it too

Maybe you'll feel it too

Spineless dreamers (Maybe you'll feel it too)

Hide in churches (Maybe you'll feel it too)

Pieces of, pieces of

Rush hour buses

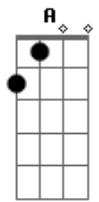

I dream in e-mails

Worn-out phrases

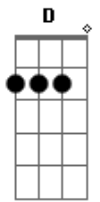

Mile after mile of just

Empty pages
