

# Keane - The way you want it

Tom: G  
Intro: Em C G x2

From the shelter of your home  
As you walk into the rain  
Send a message that you know she'll hear  
Though she's so far away  
Even though you have been wrong before  
She'll hear now you  
You know she will, but you don't know how

From the shelter of the rain  
As you walk into the tube  
As you think of how you wonder if  
She thinks about you too  
Even though you've waited so long  
To see the day  
When she will turn  
To you again  
'So long my friend'  
Is what you'll say

And I don't know why you feel so bad  
Where is the life you once had?  
And still this horrid feeling grows and grows The way you want it to

Even though you've waited so long  
To see the day  
When she will turn  
To you again  
'So long my friend'  
Is what you'll say

And I don't know why you feel so bad  
Where is the life you once had?  
And still this horrid feeling grows and grows The way you want it to

You're a fool though, why you feel so bad  
Where is the life you once had?  
And still this hollow feeling grows and grows  
The way you want it to
