

# Keaton Henson - If I'm To Die

Tom: C

Intro: C E Am G F  
C G G

Verso:

If I'm to die before I reach you  
Please know I'm meant to love you till I did  
If I'm to slip beneath a train meant to take me  
Know that I believe that it was worth it  
Tell my friends goodbye, tell my almost ex-wife  
That I loved her and left her too soon  
Oh I hope to be holding you soon

Refrão:

Who knows what happens if I leave my room  
Oh I'm scared that you'll know what to do  
If I'm to die before you

Verso:

If i'm to die before I hold you  
Know my arms were the worst off for it  
If i'm set upon dried from my room as I write  
You won't be my last thought before I quit  
Give my family love I would watch from above

But I fear there is nothing but sleep  
Oh I hope to be seeing you soon

Refrão:

Don't know what's out there, more fear I assume  
Oh i'm scared that you'll know what to do  
If i'm to die before you

Verso:

And if i'm to die before we spend a soft day  
Know my final thoughts will be of regret  
If i'm to drown in the deep sea that parts us  
I once lived and loved, don't forget  
Give my paintings to Alice, tell all my good friends  
That I didn't dare earn their respect  
Oh I hope to be seeing you soon

Refrão:

I don't know what happens if I leave my room  
Oh I'm scared that you'll know what to do  
If I'm to die before you  
If I'm to die before you
