

## Kehlani - Advice

```
Tom: Eb
Intro: Eb
You have a way with words
Your silence is a curse
You always seem to break me down, down, down
My swollen heart you curve
Your comfort makes it worse
I don?t want you around round, round, round
Cause how is the man of my dreams not a man of his word?
                           Αb
And how is the man for me just a man that makes me hurt?
It?s time to take my own
Take my own advice, take my own advice
Need me to take my own
Take my own advice
I almost lost my mind
I left myself behind
I almost crashed and fell right from the sky
I took a chance on this
```

```
I took too big a risk
And now I?m left with pain to get me high
Cause how is the man of my dreams not a man of his word?
                           Ab
And how is the man for me just a man that makes me hurt?
It?s time to take my own
Take my own advice, take my own advice
Need me to take my own
Take my own advice
             Fb
You had to break me, take me
              Eb
To make me better
But I had to save me, baby
Ab
Now or never
